Response to Question 63:

PG&E is producing copies of all Electric Operations Vegetation Management guidance documents published in PG&E's Guidance Document Library, which include related procedures, job aids, and policies, that were in effect on October 8, 2017. Please note that although the document named "TD 7103B-002" indicates that it was set to expire in late 2016, the policy was still in effect as of October 8, 2017. These documents are included in the Bates number range PGE-CPUC_00005395 to PGE-CPUC_00006118.

Please see Question 64 for new and modified documents with effective dates after October 8, 2017.
